Hastings, Oswego County, New York

1929 Spring and Fall Catalog

FRUIT AND ORNAMENTAL

Trees, Bushes, Vines, Plants

NURSERY STOCK OF ALL KINDS

THINGS THAT MAKE YOUR HOME MORE BEAUTIFUL

IMPORTANT

MY RELIABILITY. Write the First National Bank of Central Square or The State Bank of Parish, N. Y., or any person in Hastings, Central Square or Parish, N. Y. Please enclose stamp for reply.

IF CUSTOMERS will tell us the name of the station where they receive their freight and express, we will then send the stock the best way, to the customer's advantage.

PARCEL POST is the Best and Cheapest way to make shipment, whenever possible, and according to weight and zone. The customer pays the postage when he gets the shipment.

GUARANTEE. We use all reasonable precaution to have everything true to name and description, and stand ready to replace or refund the purchase price on stock not found as ordered or represented by me. But it must be understood that we shall not be held responsible for any sum greater than the cost of the stock.

NOTICE. If you do not find just what you want ask for it as we have a great many things not catalogued owing to small quantities and some things added after our catalogue has been issued.

FRESH DUG TO ORDER. All our stock is fresh dug either from the nursery row or our plant fields. We keep everything in fresh growing condition.

CUSTOMERS may order six of a kind at one dozen rates, 50 at 100 rates and 500 at 1000 rates.

PHONE us at Central Square, N. Y., No. 31-F12.

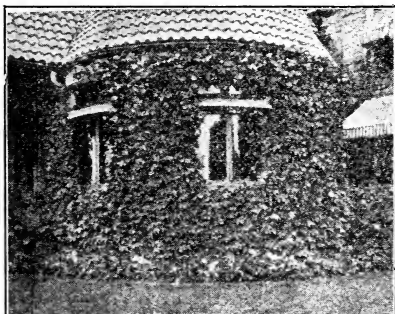

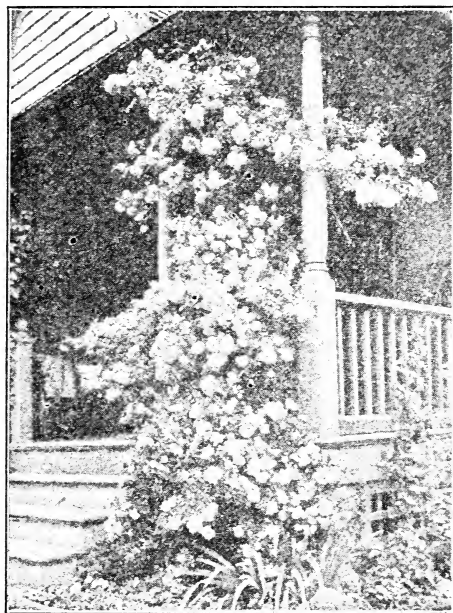

TELEGRAPH us at Mallory, N. Y.

Ornamental Shrubs, Vines and Trees

RAMBLERS

The beauty of the rambler rose is so well known, we will not attempt to describe it. Among the very choicest are, Dorothy Perkins, pink; Dorothy Perkins white; Excelsia, scarlet; Crimson Rambler, Climbing American Beauty and Paul's Scarlet Climber.

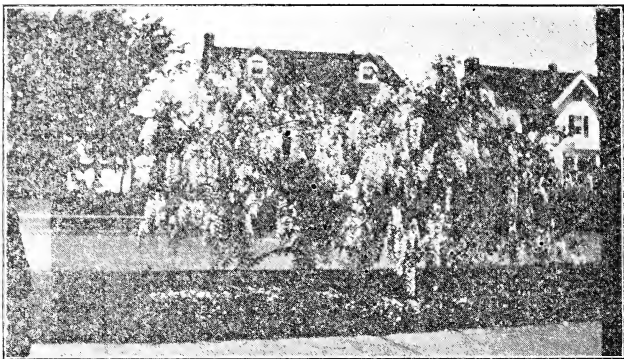

See Prices Page 13

BOSTON IVY

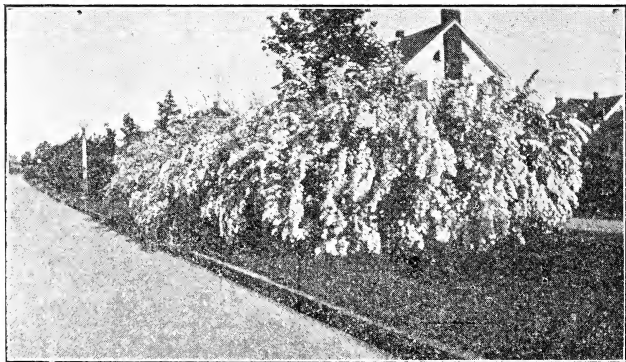

This is the famous ivy used so extensively on brick, stone and stucco buildings. The foliage is dense, completely covering a surface, and the autumnal tints of green and red are unsurpassed for beauty.

See Price List Page 15

WISTERIA, PURPLE-CHINESE

One of the best Wisterias, rapid growing, pretty foliage, hardy, great clusters of flowers, resembling clusters of grapes. Nothing better in vines.

SPIREA VAN HOUTTE

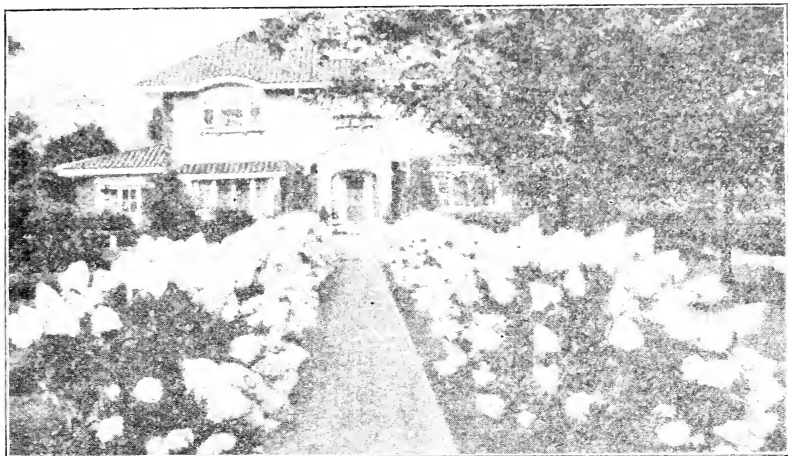

Graceful, with long drooping sprays thickly studded with handsome pure white flowers; hence its popular name bridal wreath. The finest spirea of all. Our illustration was taken from one of these beautiful shrubs in bloom.

See Price List, Page 13

SPIREA ANTHONY WATERER

Low growing, pink flowers, periodical blooming through the summer. Used for edging and in front of shrubbery.

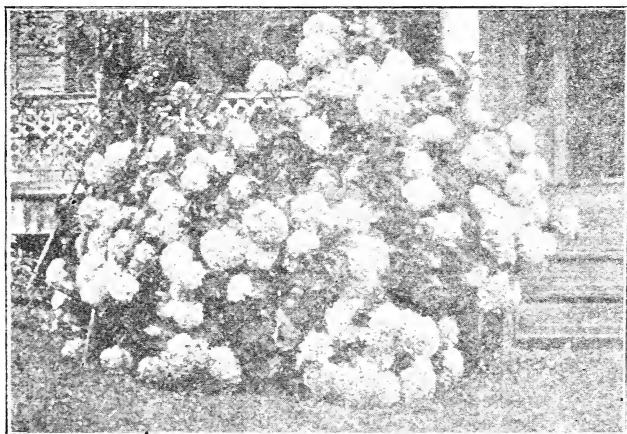

See Price List, Page 13

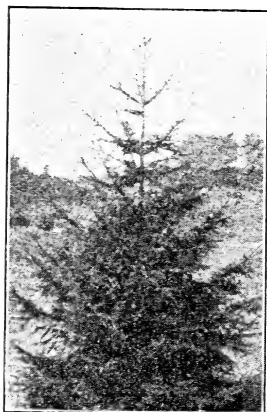

HYDRANGEA, P. G.

Bush form. Will grow on any soil. Too well known for description. Profusion of flowers from mid-summer until hard freezing in autumn. Desirable for cemetery planting and hedges.

See Price List, Page 13

HYDRANGEA, HILLS OF SNOW

NORWAY SPRUCE

NORWAY SPRUCE

One of the most valuable of evergreen trees, grows in perfect pyramidal shape. Beautiful for landscape work. Valuable as a Christmas tree and can be planted and allowed to grow for lumber purposes. Fine as a wind break.

See Price List, Page 14

FORSYTHIA, (Golden Bell)

Medium sized shrub, flowers bright yellow, appearing very early in spring, just before leaves.

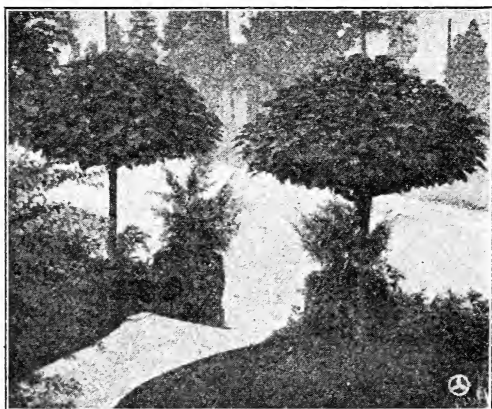

See Price List, Page 13

**CATALPA
BUNGI**

(Umbrella tree)

Tree grows in perfect umbrella shape, hence its name, foliage very dense, making perfect bird houses for the birds to build their nests. Leaves large, heart shape and deep green. Very desirable for lawn or cemetery planting.

Price List
Page 14

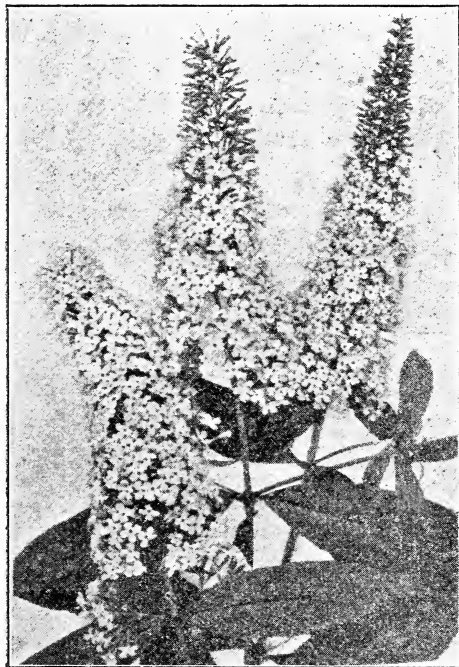

CATALPA BUNGI

DEUTZIA

A very desirable shrub, producing a profusion of white flowers, late in June. Hardy in all localities.

See Price List, Page 14

**BUTTERFLY BUSH**

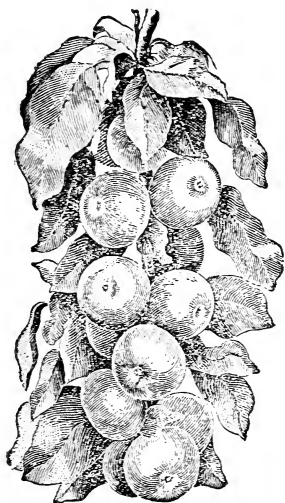

A peculiar shrub, new growth each summer, about 4 ft. in height. Long tapering panicles of lilac colored flowers. This shrub is especially interesting to children owing to the large number of butterflies which are attracted by it. Blooming period August and September.

RHODODENDRON EVERGREEN SHRUB

Rhododendron Maximum Broad-leaved evergreen shrub, large clusters of delicate pink flowers,. Perfectly hardy in N. Y. State. This is one of the shrubs that takes the man's eye who is desirous of having his place a little nicer than the other fellow. This shrub does best on the shady side of a building. Will also grow in shade of trees. Our price is on large, well rooted clumps, \$2.50 each, \$14.00 per 6. Second size \$1.25 each; Choice specimens \$4.00 each.

Fruit Trees, Vegetables and Berries

HYSLOP CRAB APPLE

HYSLOP CRAB APPLE

An orchard is not complete without some of these beautiful crab-apples. The bright red color, and fine flavor make it the most valuable for home use.

See Price List Page 17

VICTORIA RHUBARB

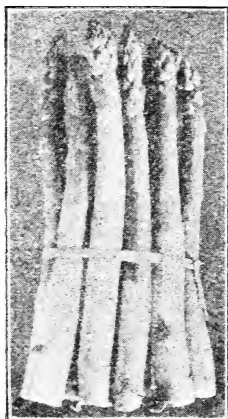

Large, thrifty growing. Delicious during the early summer months. Very beneficial to the health. Rhubarb lasts for years, it should be taken up at intervals of about 3 years and a part of the roots removed, especially where the clump is broadening out; thus preventing the stalks from growing small. Requires rich soil.

See Price List Page 18

HORSERADISH, MALINER KREN

This is the vegetable we use to tone our appetites in the spring. Grows large and vigorous, sweet and tender.

See Price List Page 18

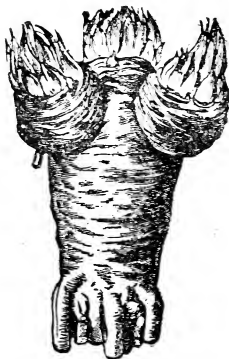

ASPARAGUS

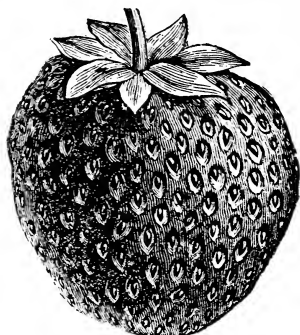

ASPARAGUS

Easily grown needs very little attention and lasts for years. Well rotted straw, leaves or barn-yard manure liberally applied in the autumn make an excellent fertilizer. What is better in the early summer than asparagus.

See Price List Page 18

**MALINER KREN
HORSERADISH**

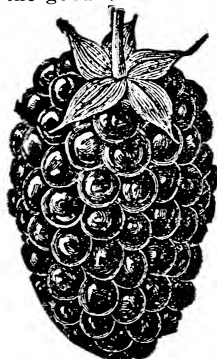

WAITS PERFECTION
(Strawberry)
FALL-BEARING

A new variety. So far this berry has proven very satisfactory, in most all respects. Through my experience as a nurseryman it is best to plant new varieties of the fall-bearing berry that has been recently originated, as we find after repeated plantings year after year, the plants divert back to the spring bearing sorts, thus producing little if any berries in the autumn.

See Price List, Page 19

LUCRETIA DEWBERRY

I believe this to be the most profitable of blackberries, easily grown, all localities. This berry combines the good qualities of all blackberries.

LUCRETIA DEWBERRY

DOWNING GOOSEBERRY

A garden is not complete without at least one-half dozen bushes of this delicious berry.

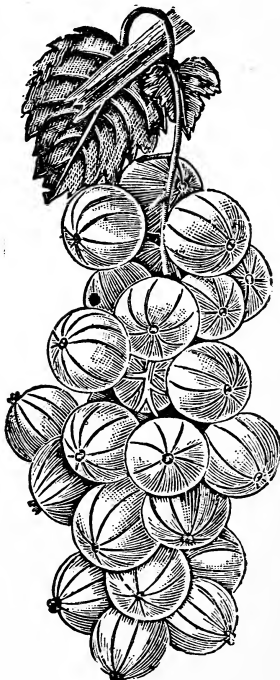

Gooseberry bushes cannot be shipped out of state.

See Price List, Page 19

CHERRY CURRANT

The most reliable of currants.
See Price List, Page 17

Notice, Currants cannot be shipped to other states.

CHERRY CURRANT

Should be tied to stake in Spring to insure cultivation and gathering fruit.

See Price List, Page 20.

PLUM FARMER BLACK RASPBERRY

THE PLUM FARMER

The Plum Farmer ranks as the foremost of the black varieties of raspberries. Early, firm, large, most productive and fine flavor. The seeds are not noticeable as in most black varieties. There are more acres of Plum Farmer growing than all other black varieties combined.

See Price List, Page 20

**HONEY SWEET
BLACK RASPBERRY**

HONEYSWEET BLACK RASPBERRY

A new late variety large, firm and of a honey like flavor.

See Price List, Page 20

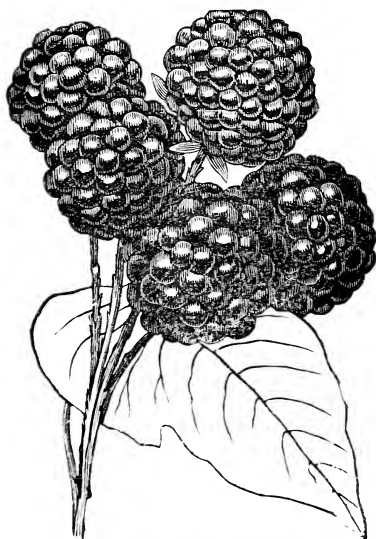

ROYAL PURPLE RASPBERRY

ROYAL PURPLE

A new variety of purple berries, it has the good qualities of the Columbian and a brighter red color.
See Price List, Page 20

COLUMBIAN PURPLE

One of the first purple raspberries and still the most widely grown. It must be very satisfactory.
See Price List, Page 20

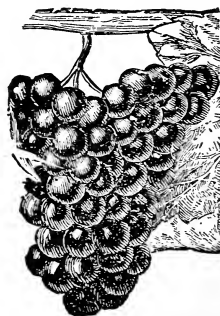

CUTHBERT RED RASPBERRY

WORDEN GRAPE

This fine grape should be planted in your collection for home use. A few days earlier than the Concord, color dark. Delicious flavor.

See Price List, Page 19

Ornamental Vines, Shrubs and Trees

BERNE A. PYRKE, Commissioner

THIS IS TO CERTIFY That the stock in the nursery of A. G. Blount & Son of Hastings, County of Oswego State of New York, was duly examined in compliance with the provisions of Article 14 of the Farms and Markets Law, and was found to be apparently free from any contagious or infectious disease or diseases, or the San Jose Scale or other dangerously injurious insect pest or pests.

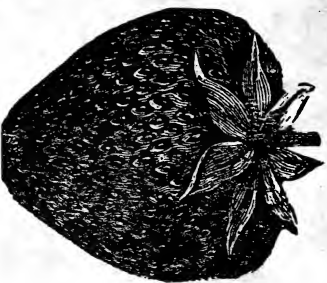

This certificate expires September 1, 1929.

Dated Albany, N. Y., September 1, 1928.

B. D. VAN BUREN, Director Bureau Plant Industry.
